Taking the Duty off Cattle Ford Tractors at Cost

An order-in-council was passed, last week, taking the duty of cattle brought in from the United States. This is a good move and has met with general approval. Owing to the demand for cattle in Canada, it is thought that the price will not be greatly affected.

The duty has also been imposed on farm tractors costing under \$1,400. This will meet a demand that has been increasing year by year. We trust that the next move will be to take the duty off all farm machinery.

Recent reports from Ottawa state that the Government has purchased a thousand Ford tractors at cost. They will be sold to Canadian farmers for cash at cost, plus freight.

It is estimated that the average cost to the farmer, including freight, will be about \$800. In addition, the Government has secured options on another thousand of the Ford tractors.

Cost of oil will be for cash.

The cost of oil and of distributing oil remains to be worked out in detail. In all probability, however, orders will be placed through provincial departments of agriculture.

A Pretty Wedding

A quiet but pretty wedding took place at the G. Curney ranch, northwest of Claresholm, on Feb. 12th, when Mrs. Ester E. (née) Curney was united in marriage to Mr. Walter Rice Jones, a local青年.

The bride was a gown of white. George's crepe over white silk, and was given away by her brother, Mr. Wilfred Marsh, while Miss. Ethel Curney was carrying the bride was dressed in a red gown. Her trimmed with white satin. Mr. Curney acted as best man.

The bride received many beautiful and valuable presents, including a valuable fur coat from the bridegroom. The present from the bridegroom to bride was a beautiful gold ring.

After a dainty luncheon the happy couple left for Calgary and points north.

Grand Red Cross Campaign

Feb. 18th to 28th

Once again the Red Cross is holding a big canvas for Canada.

In February of 1917 we canvassed the whole town and surrounding country and received ample for our full year's work.

With this money the ladies made 10,114 garments for our sick and wounded soldiers and 1,000 garments for special war-time appeals.

Our accomplishment, this year, depends upon the public's generosity.

Monday next 18 canvassers can again enter the field and carry the appeal for comfort from our hospital patients.

The following is a list of the canvassers and their districts:

Starling and part of Dollar Lake.

Mr. and Mrs. Sam Schram.

Badger Flats—Mr. and Mrs. Ross.

Grain Belt—Mr. and Mrs. J. Chilton.

Hoosier—Mrs. Mrs. J. D. Larsen.

Rock Creek—Mrs. Slipp.

Rating and 41—Mrs. Elliot.

Mendota Creek—Mrs. Geo. Bell.

Claresholm (east of town)—Mrs. Clara Moffatt.

Prairie View—Mrs. R. Brown and Mrs. Salmon.

Northern Lights—Mrs. T. R. Evans.

Greensbank—Mrs. Stimples.

The names of remaining districts and their names will be published as soon as word is received from them.

Owing to sickness the Red Cross is unable to publish its usual financial report for a few weeks.

Mr. McMillan, of the Imperial Oil Ltd., is in town looking up business. Tractor owners should see him for their own benefit.

The Kaiser's Dream

There is a story, though strange it may seem, Of the great Kaiser Bill and his wonderful dream. Bewarey of fighting he lay on his bed And among other things he dreamed he was dead.

And in a fine coffin he was lying in state, With a crowd of brave Belgians beholding his fate.

He lay not long dead till he found to his cost, His soul, like soldiers, would quickly be lost.

On leaving this earth to meet his true fate, He hastened to heaven and knocked at the gate.

St. Peter looked out and exclaimed loud and clear, Try down below, Bill; you can't get in here.

"Now," said the Kaiser, "I call that unwell;

But welcome! I'll get from my old friend the Devil."

He turned on his heel and away he did go, At the top of his speed for regions below.

But when he arrived he was filled with dismay, For while walking outside he heard Old Nick say:

"See here all you umps, I give you fair warning, I'm expecting the Kaiser down here any morning.

But don't let him in, for to me it is quite late, He'd after my job, and we don't want him here."

If he once should get in there would be numerous quarrels; In fact I'm afraid he'll corrupt our good morals."

"All right, my dear friend," the great Kaiser said, "Excuse me for listening while waiting outside,

But I'll let him in, for in where there should I go?"

"Well, Ont., we're Devil, "I'm d—d half a cent."

"Ach, I'm so bad for I'm feeling quite cold,"

And if you want money I have plenty of gold.

Let me sit in a corner, no matter how hot—"

"No, no," yelled the Devil; "most certainly not."

We don't want louts here for riches or gold."

Her's matches and sulphur, make hell for yourself!"

And he fast kicked him out, then vanished in smoke, And just at that moment the Kaiser awoke.

He jumped from the bed in a shivering sweat, And he said, "That's a dream I shan't soon forget."

Then I won't go to heaven I know very well."

But it's really too bad to be kicked out of Hell."

Claresholm Garage, Ltd.

The new garage is now open and ready for business. Built of solid brick with cement floor, it is one of the finest garages in the town.

The cost of the garage and equipment is \$2,000. It is equipped with an electric lighting plant, a modern sewerage system, and everything necessary for the convenient handling of cars and the comfort of travellers. Modern machinery has been installed, and all work is done in the garage, which can be repaired on the premises. A ladies' rest room, fully furnished and heated, has also been provided. It fills a long felt want and will be appreciated by automobile owners.

Sugar Situation in Europe

Before the war England received approximately 1,600,000 long tons of sugar from the United States and neighboring sources.

France produced about 250,000 long tons of beet sugar and exported 50,000 tons. The French production in 1917 fell to 210,000 long tons.

Before the war Italy produced about 210,000 long tons and imported almost none.

Don't Let Land Get

"Wheat Sick!"

The man who has good wheat land and who lives in a district where wheat will ripen three years out of four is justified in specializing in wheat raising to the extent that it is possible to grow wheat and keep his land in a good producing condition.

But wheat is not raised easily in "wheat sick" land. The greater the rainfall and the richer the soil, the sooner will "wheat sickness" set in. Where the rainfall is light, the amount of humus and summer-fallowing is necessary, wheat may follow wheat several years in proportion as the rainfall and humus increase and the necessity for summer-fallowing diminishes, rotation of crops becomes necessary. Crops of coarse grains must then be interplanted between crops of wheat, or "wheat sick" land is to follow. The only sure way to grow wheat in such country is to convert the greater portion of it into milk, beef, or pork. There will come times when the price of these will seem low in comparison with the price of grain, but it should be remembered that the grain was made high in price because part of it was high in quality.

It is a rule coarse grains will not bear shipping long distances. Just as soon as the supply of these exceeds local requirements the price goes down. During a grain blockade or a period of car shortage, prices range still lower. The safety valve is the free land.

The only farmers who profit when hog prices are high are those who have hogs to sell.

Red Cross Notes

The following letter has been received by the Secretary:

Dear Madam—Another year is numbered with "that other world we call the past." It is probable that the new year will be the most critical of the war. The demands upon Red Cross workers will be greater than ever before. We are anxious that our members continue their unceasing efforts in supplying the needed comforts to those who have been wounded in the service of their country. Our gallant soldiers overseas are continually expressing their appreciation of the work that has been done for them by the Red Cross Society.

We trust that this coming year may see the termination of the terrible conflict in which we are engaged and the conclusion of a lasting peace.

Let us take up our work with renewed determination to make it a year of greater usefulness and service than any in our history.

Pray accept, Madam, our special thanks of the officers of the Provincial branch for all you have been able to accomplish for the wounded, sick and suffering, in the past, and best wishes for the health, happiness and prosperity of the members of your local organization.

R. B. BENNETT, President
M. Pinkham, Hon. Secy.

Stavely News

The auction sale of horses, machinery, etc., of Mr. C. A. Hersey, has been postponed from Thursday, February 14th until Wednesday, February 20th.

The St. Valentine dance held in Balfour School on the 17th, was a huge success. A large crowd of dancers were present and enjoyed the splendid music furnished by Mr. and Mrs. Bystrum.

A certain couple living in Stavely have the habit of spreading obscene stories about people in town and vicinity. Not confining themselves to stories of grown men and women they spread nasty tales about school children, girls and boys, and teachers, with particular regard to money that wouldn't come amiss in this case. It is rumored that the women of the town have already had the matter up in a recent meeting.—Corr.

A certain citizen of this town staged a prize fight in the rear of the post office, a few days ago, between his own little girl and another little girl. The girl who was the winner was the one who had the most money to refer to. Considering that his own prize fighter was out classed, he handicapped the other by holding her by the hair. Kindly notify us of the next fight, brother, you pull off, and we will range for an audience and have a moving picture machine on the job. We might go 50-50 with you on the picture rights.—Corr.

Granum News

A. E. Fletcher shipped a carload of steers to Calgary this week.

Miss Gladys Vandervest spent the week end with her parents in Granum. Mrs. Harris and her sister, Miss P. Brown, were passengers on the north-bound train Friday evening.

Mr. James Peters, of the Rocky Coules district, died on Thursday, Feb. 7th, after a brief illness.

Mr. and Mrs. Harry Harris, of Retlaw, Alta., are visiting at the home of Mrs. Harris' parents, west of town.

We are glad to see the snow again this week, for the farm hands can do with the moisture nicely.

Mr. C. Reynolds sold his barn and chicken house to Mr. and Mrs. Brown Saturday afternoon. Damage to about \$300 was done.

Phil Rose lost a few bushels of oats on Friday night last. The heavy wind fanned up a blaze in a straw stack that had been burned over some days ago, but still contained fire.

In last week's issue it was stated that Jim Audet had purchased a half interest in the Granum Garage business. We wish to make a correction in this item. It was Louis Audet, Jim, who made the investment in the above named garage.

Mr. Higgins has sold his hotel business in Granum to Mr. W. E. Danno, who has been managing the dining room of the hotel for the past few months. The sale was made on Tuesday, the H. B. Tilden Realty Co handling the deal.

A letter has been received from J. Howard, who is visiting in the east last week. J. H. and wife are good health and enjoying themselves, but they write that "Ontario is most awfully cold this winter."

Bert Nichol was a visitor in the Drumheller district last week, looking over the country. Mr. Nichol says there is much more snow there than he expected to see, and he returns to Granum saying that Drumheller is not to be compared with this district.

Mr. Hill, the Saxon car distributor for Alberta, was in town Friday of last week. The Saxon agents all along the line are looking for an extensive business this year, as all persons are more than pleased with his action and performance. It is the cheapest and best car on the market in its class.

Mr. Goo. Richards returned from his visit to Vancouver last Monday. He reports having enjoyed himself at the coast, and that others from Granum were having a large time. Mrs. Richards will spend another month in Vancouver before returning home.

Granum, on Sunday morning, looked like a ghost town. "The day after Christmas" is the name given to our town looked like a miser's night. It was, however, just a chinook wind that ran away with itself, that's all. Needless to say the outlying districts had the same appearance.

Sunday night everything was calm and peaceful again, and it is to be hoped that the chinook which has charge of these winds will have them up good and securer before starting them off on another visit to Granum.

The Maude Henderson Co.'s three night's engagement in our town, last week, was one of the best shows that ever visited us, the appreciation of the theatre goers of Granum and district was shown by the opera house being crowded the last two nights of their engagement.

The Maude Henderson Co., the play people stage, judging from their three night's engagement here, are of the best, and each member of the company acted his or her part well. The liberal patronage of their return engagement for one night only, this week, gives proof that Granum appreciates the entertainment of a good show company.

Mr. Weiser returned to Granum this week with his bride. Mr. Weiser left this country some time ago for Holland to meet his fiance and bring her home. Owing to war conditions he met with some difficulty, being detained at several ports. But he finally won out, reached his destination, secured his bride and returned home. He is now in Granum, and is advertising some of our business men are getting abroad. Mr. Weiser was advised by a friend he met in Holland to get his meals at the White Lunch restaurant while staying in Granum, on his way home to the farm. (At the time Mr. Weiser left on his long journey the White Lunch was not in business.)

A Master Product of a Master Mind

Only Thomas A. Edison could conceive of a sound recording instrument before it was actually invented. Only Thomas A. Edison could perfect the phonograph as the Edison 1918 model has been perfected. Only Thomas A. Edison could appreciate the inestimable value of the permanent diamond point, but everyone can appreciate the perfection with which music is reproduced by the latest Edison triumph—

The NEW EDISON DIAMOND AMBEROLA

Please do not hesitate to come in and ask us to explain this new phonograph—and play all your favorite music. We are here to demonstrate the superiority of the Edison Amberola, and welcome every opportunity of doing so.

Records Worthy of the Instrument

With the Edison Diamond Amberola Records, there is no thin, metallic twang, such as you hear from talking machines. The tone is smooth and round—the melody rich and mellow, and you have your choice of over 3,000 different selections. Perhaps this list may help you in making up a list of records you like:

HEART SONGS—Billie Joe—Ollie Longing Night!

SACRED—Lord, Kindly Light—Christians Awake—Hear My Prayer—

BALLADS—Love's Own Sweet Song—Sweetest Love—

SARABAND—Maday of War—Song—Right of Gladness—

MARCHES—March of the Commandos—The Royal Canadian—Hussar Boy.

INSTRUMENTAL—Mother Goose—The Wasp—Piano Concerto—Premier Concerto—

Ballads—Overtones—Accordions—Omnium (Bach)—

VAUDEVILLE—Uncle Tom—The Girl in the Mirror—Around an Oil Store—Davy Crockett—

QUARTETS—Sally in Winter Song—Liberator—

DANCING—La Confession—Kangaroo Hop—

Waltz—The Girl from Headwood—

How Coupons Can Help

Because of the many mortal shipwrecks brought about through the exploitation of evil-minded men and women, and because of the fact that these lepers of society have found that young women travelling alone or going into the country to earn money and accordingly have made railway trains and stations, steamship landing places and piles sure their principal points for attack, it has been found necessary to organize for Travellers' Aid work so that competent workers might be placed in stations of our larger towns and cities.

These workers, recognized by their Travellers' Aid badge, are there to give information or such assistance as may be required for the travellers' safe arrival at their friend's home, or a reliable hotel or boarding house.

A woman on her foot is to secure a representative in all of the smaller places where paid workers are not required.

The Travellers' Aid organization also has methods for investigating the various inducements held out to your daughter to leave home for a

position in a strange city. This information may be secured through your local Travellers' Aid Representative.

The saying "After the horse is stolen it is to late to lock the stable door" is applicable in this matter of regarding the moral welfare of our young people.

Will you not assist this Travellers' Aid in every way possible and also avail yourselves of its assistance whenever you have occasion to do so.

The Royal Crown Soap Lid., recognizing the good accomplished by the Travellers' Aid, has agreed to pay the Alberta W. O. T. U. organization for Travellers' Aid work, 1 cent in cash for every Royal Crown or Golden West soap wrapper collected by them.

Any premium on those goods which you could secure for your personal use would only amount to 1 cent per wrapper and that not in cash whereas you can financially assist this good undertaking in the interest of our young people, to the amount of 1 cent for every 1000 of soap you use or its equivalent in Lye or Washing Powder.

The above mentioned Soap Company allows the 1 cent cash premium not alone on Laundry articles also on

the Witch Hazel Toilet Soap. Coupons may be left with Mrs. Barker, Shaver St., who is the local Travellers' Aid Representative.

Words From H. W. Wood on Bacon Production

When addressing an audience of farmers and townfolk at Red Deer, Mr. Wood said:

"I have two sons. Both are of military age. Both have been exempted because they are farmers, my sons feel that there is a special duty resting on him to produce to the nation the best bacon. The things that will contribute most to the cause for which our soldiers are fighting, and for which they would have to fight had they not been exempted.

In view of the high price of labor and of those commodities which the farmers have to buy, raising hogs at around 15c. per lb. may not seem so attractive a production of wheat. We purpose continuing in the entire raising business, but we also intend to grow as much wheat as we can, although wheat is an uncertain crop with us. We also intend to raise more hogs than we have been handling. We will do this because we are a nation, we are a nation, we are a nation, that our army and our allies are in urgent need of these commodities, namely bread and bacon.

It may be that the returns will not prove so certain or so great as they would be from the growing of those things to which our land is best suited, they will make good.

But, we believe that we will be able to derive a fair return from them, and we are glad to be permitted to serve in this cause at home on our own farm.

Having been exempted from service because they are farmers, my sons feel that there is a special duty resting on him to produce to the nation the best bacon. The things that will contribute most to the cause for which our soldiers are fighting, and for which they would have to fight had they not been exempted.

In view of the high price of labor and of those commodities which the farmers have to buy, raising hogs at around 15c. per lb. may not seem so attractive a production of wheat. "Bondsage"

Eliza Kilvert, lately married, salutes her closest friend, Frances Taff, on the phone: "There is a mad impulse swaying me tonight. Vawtry is back in town. I'm going for one more last revel before I settle down to the unending dullness of this new life." "Don't you know—my advice," said Miss Taff, "what don't it?" Her honest, sympathetic and crusading husband heard his wife as she spoke into the phone. He had unwittingly eavesdropped, and now stood irresolute. An incident, as he saw it, had disturbed the whole life of his wife, and wife who never should have wed—until they had gained greater faith in themselves and in each other.

"Bondsage," the Bluebird playboy to be exhibited at the Rotunda on Friday and Saturday 15th and 16th and a grip of other plays that gives the added appeal, Dorothy Phillips, the greatest opportunity for dramatic action that she has ever been provided with—and Miss Phillips may be relied upon to fulfill the expectations of her legion of admirers.

Coming, "The Brat"

When Oliver Morosco produced "Peg O' My Heart" in America dramatic critics said he would never find an audience. The world was a year ago, and in March of this year such critics as Stephen Rathbun of the New York Sun came out strongly against their previous ideas and pronounced "The Brat" not only the equal of the Irish story but its legitimate and worthy successor. With this before them the United Booking Company went to New York and secured at big cost the Canadian rights for this pleasing comedy.

After a record breaking run in Toronto the local management were fortunate enough to be able to book this undeniably strong attraction and the audience will be sure to be present time as the "Brat" House on Monday February 18th.

The story of the Brat is clean and wholesome, bubbling over with satire and sharply defined comedy. It has a heart interest which strikes home and shows the beauty of true love. The scenes of this brilliant play cast in the atmosphere of a novelists home where the surroundings are so faraway from the little girl who is placed into them from the slums of a great city: How she weaves her way into the heart of a somewhat gayvacious man, gives an added note to her formidable character. The cast which will come here intact and direct from 200 crowded nights in New York and a record week in Toronto is a most notable one. Miss Rea Martin plays the title roll and nothing finer could possibly be wished. You laugh at her and you sympathize with her, you are pleased to weep for a minute, but a bright line comes and once more you are transported by her art, and you laugh.

Supporting Miss Martin is a typical Broadway cast including Bert L. Robinson, Arthur LaRue, Edna F. Holland, Pauline Frederick, Dorothy Gish, Eddie Burke and Vernon Steele, the latter the winsome American Motion Picture Magazine beauty competition against over two hundred entries, and which was judged by Lillian Russell and William Brady.

A big capacity audience is certain for this attraction and seats are now selling fast.

Women's Institute

"The Women's Institutes of Alberta are holding a convention in Edmonton March 6th, 7th, and 8th at the Macdonald Hotel and it is expected that there will be about eight hundred

A very interesting programme has been planned including some of our leading women speakers of the day among them being Mrs. Nellie McClung, Mrs. Arthur Murphy, Edmonton Mayor, Miss Winona Thompson of Institute in New Brunswick, Listowel, Roberta McAdams M.P.P. for overseas and Mrs. Jean Meldrew, director of domestic science in the Food Controller's Department.

Owing to the high rate of infant mortality in Alberta the slogan for the Alberta Institute this year is "Save the babies." Ways and means of perpetuating this campaign will be discussed.

There will also be other rural problems discussed and it is hoped that the convention will have definite results in the bettering of the life of the rural women as satisfying as that of her sister in the city.

All the delegates and members attending the convention are requested to purchase a single fare ticket to Edmonton and to send the ticket agent at the starting point a "Standardard Certificate."

The Country Boy's Creed

If any country boy ever becomes lost with his lot and thinks there might be other opportunities elsewhere, or a better place to live than in a white farmhouse, let him read the creed composed by Elwin Osgood Grover. The lines might be pinned up on his bureau, where he can see them the first thing in the morning and the last thing at night.

"I believe that the country, which God made, is more beautiful than the city, which man made; that life out of doors and in touch with the earth is the natural life for a man."

"I believe that work is work wherever we find it, but that work with nature is more inspiring than work with the most intricate machinery."

"I believe that the dignity of labor depends not on what you do, but on how you do it; that opportunity comes to a boy on the farm as often as to a boy in the city. That life is larger and freer and happier on the farm than in the town; that my success depends not upon my location, but upon myself—not upon dreams, but upon what I actually do, not upon luck, but upon pluck."

"I believe in working when you work and in playing when you play, and in giving and demanding a square deal in every act of life."

Trotzky has surrendered Russia unconditionally into the hands of Germany. Evidence is accumulating that he was from the beginning merely a paid tool of Germany to banish Russia into an ignominious place.
